North Elmham Pupil Parliament

14.10.22

We watched the video about our school from the school website.

The teachers on the video told us that North Elmham school was 'like a family' because we care, respect and look after each other.

We have identified that this is not the case at lunchtime and we want to make it better!

Our discussions so far:

| Problem: | Possible reasons? | Possible solutions: | Possible problems: |
|---|---|---|---|
| Noise in the lunch hall | Year groups sit together and the older children shout and bang on the tables. | We think we should have four big tables and sit with our house team (like in Harry Potter!) | People are not kind and respectful to others. |
| Behaviour in the lunch hall when people have finished eating | People are bored and there is nothing to do. | Colouring and conversation starters on the tables so we can stay entertained | People disrespect the equipment |
| Behaviour at lunchtime outside | Sometimes people can play a little rough and people can get hurt. | • We have a box of equipment (including long skipping rope and hula hoops)<br>• We have a big speaker to listen to music and dance.<br>• We have books and dressing up outside.<br>• We have a rota of older children to go into sheep playground.<br>• Sheep children are allowed on the big playground.<br>• We have some lunchtime clubs? | People disrespect the equipment or each other.<br><br>We need to be careful not to use the equipment we need for PE. |

Shopping list: Colouring and conversation openers.

Identified playtime equipment.

Outside library and dressing up box.
