School Council

Date of meeting-
26th November 2025

Follow up from last meeting:
1. Meeting with FONES
2. Art exhibition agreed for after Christmas

Discussion:
This week we focused on the voice of the children.
Questions included in the discussion were aimed at finding out about the classroom environment, behaviour, what's going well and what they would like more of moving forward.

The children in the school council expressed how they enjoy break, learning and being with their friends. When asked what makes our school special, the members of the council said that we are 'part of a church school that has been here for lots of years'. They also explained how they enjoy the 'kindness of the teachers'.

The school council were then asked what they would like more of for the rest of the academic year. The council suggested more work in their teams, more learning outdoors and subject mornings. One of the members of the council highlighted that a maths or music morning would be exciting.

Actions:
1. **Mr Arter to discuss subject mornings with staff.**
2. **Mr Arter to discuss and plan whole school events that are focused on the teams.**
